

- TERRACOTTA
- QUARRY TILES
- PORCELAIN TILES
- UNPOLISHED STONE AND POLISHED MARBLE
- GLAZED CERAMIC TILES
- WOOD

WHAT IT'S FOR

- Removes traditional solvent-based wax treatments from floors in terracotta, quarries, natural stone and wood.
- De-greases floors treated with raw linseed oil.
- Gives an even finish when the floor shows signs of dullness or streaks due to excessive or improper application of paste waxes.
- Removes residues of waterproofing products from porcelain, marble or granite floors.
- Removes excess amounts of FILAPRO130
- To dilute FILAPRO130 when treating wood that is almost non-absorbent.
- Eliminates stains from candle wax, adhesives and bitumen.

ADVANTAGES

- Odourless solvent: no unpleasant odours.
- A single product with a multitude of uses.
- Extremely easy to use and always effective.

HOW TO USE IT

No dilution required:
product ready to use.

Application:

Wet a cloth thoroughly with FILASOLV and clean the surface, taking care not to re-apply the removed wax residues or water-repellent product. In very stubborn cases, pour FILASOLV directly onto the surface, spread and leave for a few minutes, then scrub hard with a large brush. We recommend working on one small area at a time, gathering the dissolved dirt in a cloth.

DILUTIONS AND COVERING

With one litre:

To remove wax 5 m²

"Coverage shown is for guidance purposes only and refers to single coats"

Packaging

1-litre cans in boxes of 12.

WARNINGS

- Keep out of reach of children.
- Do not disperse into the environment after use.
- FILASOLV is a flammable product. We recommend not to collect up the product with liquid vacuum cleaners. The use of a single-disc cleaning machine is permitted only if it is perfectly undamaged.

TEMPERATURES

Storage temperature: from 0°C to 30°C
The product should be applied to materials with temperature between 5° and 30°C.

CONTAINS: Aliphatic hydrocarbons over 30%

LABELLING

Signal words: Danger
Hazard indication: Flammable liquid and vapour. May be fatal if swallowed and enters airways. May cause drowsiness or dizziness. Repeated exposure may cause skin dryness or cracking.

Caution recommendations: If medical advice is needed, have product container or label at hand. Keep out of reach of children. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Keep container tightly closed. Wear protective gloves / eye protection / face protection.

IF SWALLOWED: immediately call a POISON CENTER / doctor. Dispose of contents / container in accordance

with local/regional/national/international regulation. Contains: De-aromatized mineral turpentine, PROPYLENE GLYCOL MONO METHYL ETHER.

TECHNICAL FEATURES

Appearance: liquid
Colour: transparent
Odour: light, solvent smell
Density: 0.78 kg/l
Flash point: 40°C
